

**FEATURES AND BENEFITS:**

1. New family of Molex Premise Networks 19" cabinets.
2. Available in standard version as 24U and 42U. For larger orders, the cabinet can be customized to other dimensions.
3. Real cabinet height is 1171 mm for 24U unit and 1971 mm for 42U one.
4. Base dimensin options: 600x600, 600x800, 600x1000, 800x600, 800x800, 800x1000.
5. Cabinets 1000 mm deep are equipped with 3 pairs of mounting racks (all other are equipped with 2 pairs of mounting racks).
6. Cabinets 1000 mm deep in server version are equipped with perforated side covers.
7. All units are availabe as fully assembled or sectional (flat pack).
8. All units are also availabe without side covers (side covers available sep- arately).
9. Graphite grey (RAL 7011).
10. A fan unit enables airchange and cooling of the mounted equipment. Fun units are available with or without thermostat. All fan units should be ordered separately.

11. The base filtering plate protects against dust suction into cabinet. Base fislering plate should be ordered sep- arately.
12. Several cabinets can be joined side by side with the M5x25 screws and nuts. Platic blanks on the frame must be removed.
13. A plinth can be used to allow cable entry from any side. 1000 mm deep server plinths are equipped with stabilisers.
14. Standard equipment:
  - Light - but strong and rigid - steel framework.
  - Aesthetic glazed front door with a patent 3-point lock. Universal left- and right- opened door.
  - Removable lateral and back covers providing easy access to the interior from each side.
  - 19" adjustable racks.
  - Adjustable feet enable proper level- ing of the cabinet on very uneven floors.
  - Full earthing of all cabinet sections.
  - Brush cable guides minimize dust inflow.
